===== Deadline extension =====  
Call for Papers

First Optimising Cloud Services Workshop  
December 13, 2010  
Ghent, Belgium  
<http://www.optimis-project.eu>  
to be held in conjunction with

ServiceWave 2010 Conference  
December 13 - 15, 2010  
Ghent, Belgium  
<http://servicewave.eu/2010/>

---

#### DESCRIPTION

Clouds are on the way to replace traditional IT infrastructures for providing and consuming all sorts of services in research and commercial environments. As scope and complexity of both offerings and requirements increase technology is needed allowing to optimise such Cloud environments in multiple dimensions, e.g. in terms of the infrastructure, management of trust, security and risk, service deployment and provisioning, guarantees for QoS, federation of clouds and reliable and efficient selection mechanisms for bursting into the Cloud. Today, there already is research in several areas as well as a number of ongoing national, international and European projects. The workshop aims to bring together researchers and practitioners from academia and industry to exchange research results and experience.

#### TOPICS OF INTEREST

Topics of interest for the Optimising Cloud Services Workshop workshop include but are not limited to:

- Trust and security
- Risks, risk assessment and risk management
- QoS and service configuration
- Service deployment and service configuration
- Cloud monitoring and run-time optimisation
- License service for commercial applications
- Cloud programming models
- Cloud Service Level Agreements

#### PROCEEDINGS

Accepted papers are expected to be published in the Springer Service Science series after the workshop.

#### PAPER SUBMISSIONS

Authors are invited to submit manuscripts reporting original unpublished research

and recent developments on the topics of interest. Submitted papers should be formatted according to the Springer LNCS style (the LaTeX templates can be found here: <ftp://ftp.springer.de/pub/tex/latex/llncs/latex2e/llncs2e.zip>) and should not exceed 12 pages including figures and references. Papers should be submitted electronically in PDF format by sending it as an e-mail attachment to [optimisingcloudservicesworkshop2010@scai.fraunhofer.de](mailto:optimisingcloudservicesworkshop2010@scai.fraunhofer.de). All papers will be peer reviewed and the comments will be provided to the authors.

#### IMPORTANT DATES (extended)

Submissions due:	07.11.2010
Notification:	22.11.2010
Camera Ready:	07.12.2010
Workshop:	13.12.2010

#### PROGRAM CHAIRS

Rosa M Badia, Barcelona Supercomputing Center, Spain  
Wolfgang Ziegler, Fraunhofer Institute SCAI, Germany

#### PROGRAM COMMITTEE

Oliver Wäldrich, Fraunhofer Institute SCAI, Germany  
Thomas Weuffel, Fraunhofer Institute SCAI, Germany  
Ramin Yahyapour, Dortmund University of Technology, Germany  
Igor Rosenberg, ATOS Origin, Spain.  
Wolfgang Gentzsch, DEISA, Germany  
Daniel Veit, University of Mannheim, Germany  
Bastian Koller, HLRS, Germany  
Gregor von Laszewski, Indiana University, US  
Afnan Ullah Khan, BT, UK  
Ana Juan, Atos Origin, Spain  
Andrea Zisman, City University, UK  
Benoit Hudzia, SAP, France  
Craig Sheridan, Flexiant Limited, UK  
Csilla Zsigri, The 451 Group, UK  
Erik Elmroth, Umeå University, Sweden  
George Kousiouris, NTUA, Greece  
Jordi Guitart, BSC, Spain  
Karim Djemame, University of Leeds, UK  
Marcelo Corrales, Leibnitz University Hannover, Germany  
Raül Sirvent, Barcelona Supercomputing Center, Spain  
Srijith K. Nair, BT, UK  
Johan Tordsson, Umea University, Sweden

#### ADDITIONAL INFORMATION

For further information send an email to [optimisingcloudservicesworkshop2010@scai.fraunhofer.de](mailto:optimisingcloudservicesworkshop2010@scai.fraunhofer.de).  
Information about registration, accommodation and other relevant information regarding the ServiceWave conference can be found at <http://servicewave.eu/2010/>.
